## FINANCIAL POLICY

Our office is committed to providing you with the best possible dental care. If you have dental insurance, we are happy to help you receive your maximum allowable benefits. In order to achieve these goals, we need your assistance and your understanding of our policy. We will gladly answer any questions relating to your insurance.

Your insurance is a contract between you, your employer and your insurance company. Not all services are covered benefits in all contracts. There are some procedures insurance companies do not cover. Our filing the claim on your behalf does not guarantee payment nor does a predetermination of benefits represent a guarantee of payment. Our office will **estimate** what your portion will be based on information we have available to us from a predetermination, **any balance is expected in full at the time of service. Any balance not paid by the insurance is solely your responsibility.** If any check or other payment that you have made on your account is returned unpaid you will be charged a returned payment fee, which is currently \$30 and may be adjusted at our discretion.

Any account with an outstanding balance that has not been paid in full within 90 days will be considered delinquent and will be referred to an outside agency for collection. If an account is sent to this agency the patient or the patients guarantor will bear the responsibility of any attorney fees involved in collection on that account.

If you have any questions about the above information or any uncertainty regarding insurance coverage, please don't hesitate to ask us.
